Professional and Amateur leagues run in parallel, sub-divided into categories, with titles awarded to the winners of each category. Photographer of the Year is chosen from the category winners. Prize winners are announced at the live webcast Photoshow.

Selections of category winners in this portfolio section are from the 2013 8th Spider Awards. Thousands of images are submitted each year with only a few hundred images making it to Nominee

status. The Nominee shortlist consists of images that have received the highest percentage of votes overall and is the shortlist from which the winners are decided. Germany and Italy won top honours at the 8th Annual Black and White Spider Awards. "Photograph of the Year" went to Andreas Heumann of Germany and to Fabio Montalto of Italy. With a collective Judging Panel of the world's most recognized experts from Tate, Fratatelli Alinari, Heffel Fine Art, Camera Work, Fomu, FTM Advisory and more; the

Spider Awards is the industry's most authoritative and important photographic event for black and white and mono art. Black and White Spider Awards is open to professional and amateur photographers shooting in all forms of black and white photography, using traditional or digital methods. Classic styles, new creative ideas and photographers who are driven by their artistic eye and a desire to excel in this classic art form are encouraged to enter. www.thespiderawards.com
